

INSAFE

Smoke detector

- Smoke detector
- Long-lasting battery - 10 years' battery life*
- Possible customization

SAFETY

- > New-generation smoke detector endowed with the latest technological developments
- > Reliability and quality: each smoke detector is entirely tested individually before it is placed on the market

BATTERY LIFE

- > Reduced maintenance: 10 years of battery life*
- > 10-year cost cost lower than most detectors on the market

DESIGN

- > Stylish detector designed to fit into every interior
- > Discreet and compact: INSAFE is only 3,5 cm thick

SMOKE DETECTOR

GENERAL CHARACTERISTICS

Operating principle

- > Photoelectric type smoke detector
- > Optical smoke detection according to the light scattering principle (Tyndall effect)

Acoustic power: > 85 dB at 3 m

Power supply

- > Integrated and sealed lithium batteries

Battery life: 10 years*

BASIC FEATURES

- > Smoke alarm
- > Low Battery indicator
- > Manual detector functional test

ENHANCED FEATURES

- > Detector end-of-Life warning
- > Functional self-test (every 45 s)
- > Pausing of the detector (10 min)
- > Pausing of the low battery warning (8 h)

SIMPLIFIED USE

- > 1 single button to operate all features

**Battery included. Refer to the terms of the user manual.*

PHYSICAL CHARACTERISTICS

Dimensions: L 105 mm x W 105 mm x H 35 mm

Net weight: 150 g (including battery and bracket)

Conditions of use

- > Internal household environment
 - > Temperature: 4°C to + 45°C
 - > Relative humidity: from 15% HR to 95% HR
- Mounting type: Wall or Ceiling

Operating indicator: Red Flashing LED

ARTICLE REFERENCE

INSAFE – I730FW

CONTENTS OF THE BOX

- > 1 detector
- > 1 anti-theft stand for wall installation
- > 2 screws and nylon wall plugs
- > 1 instruction manual

CERTIFICATION

CE certificate
