

HEAT+

Heat detector

Discover product in details

Nexelec

Design

Facilitates acceptance of the detector by residents

Digital logbook detector follow-up

QR Code + Application for monitoring installation and maintenance of a fleet of detectors

Electronic certificate maintenance

After each maintenance operation, a unique certificate is recorded in the detector's secure NFC chip

Universally compatible mounting base⁽¹⁾

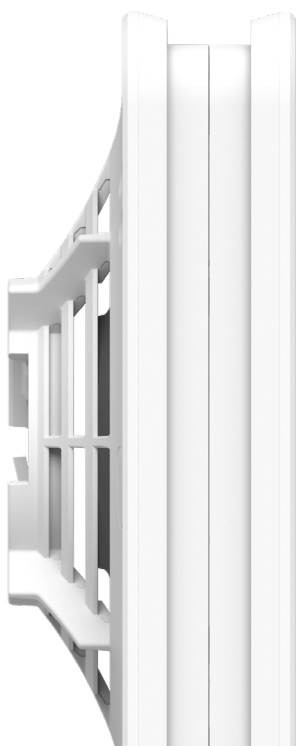

Simplifies replacement of other brands of detectors without drilling new mounting holes

Rip-off protection

Lockable mounting base to reduce the risk of detector removal

Reduce false alarms

Electronic self-compensation for dust in the detection chamber

Compatible with 3M adhesive mounting⁽¹⁾

CE approved for installation without screws or plugs. No need to drill hazardous substrates (asbestos)

10-year battery⁽²⁾

Sealed and welded lithium battery

Test / Silence button

Large, easy-to-reach touch button on front panel

Silence function

Stops the alarm and/or puts the detector on standby for 10 minutes without removing it from its base

Compact mounting base

Only 3 cm in diameter to avoid damaging the installation surface
